DEEPPASHRI REHABILITATION CENTER

**# 798, 1st Main, 9th Cross, (Behind Basavanagudi Park) Subhash Nagar,
Hebbal 1st Stage, Mysuru - 570016 Mob : 9845760025, 9880250025**

The center was established on **03-04-2020**, located in Hebbal behind Basavanagudi Park, Mysore to **support the underprivileged and marginalized group of people who are engaged in the act of beggary, street elders, street beggars/children**. The center has **People with physically disability and mentally disabled, mental retardation, people with mental disorders like schizophrenia, psychosis, dementia, bipolar disorder, amputated patients, bed ridden with Tracheotomy tube, Rhyles tube, peg, catheter, bed sore, terminally ill, palliative cancer patients, post head injury, stroke etc.**

Begging is the consequence of destitution, a situation of extreme vulnerability and can be termed as the most extreme form of poverty. Deepashri Rehabilitation center has people who are abandoned from their family, some are homeless. They are usually referred from local police station, dept of disabled and senior citizens, local volunteers etc. The staffs/volunteers spots them and pick them from local streets, traffic signals, transportation stations, slums, dumping yards etc and mobilise them in our center. They are ranging from

men, women or children who resort to begging for their livelihood, some are physically handicapped and old, but some other are physically strong who live in a vicious cycle of extreme poverty.

Deepashri Rehabilitation center primarily focuses upon rehabilitation & provides **substance abuse prevention, counselling, physiotherapy, occupational therapy, speech and language therapy, vocational rehabilitation, music and art therapy, skill development program, educational training on health and others.** These services are provided by different healthcare specialists like Rehabilitation physicians, Occupational therapist, physiotherapist, speech therapist, orthopaedists, neurologists, psychiatrists/psychologists/counsellors, gait and clinical movement specialists etc.

The Rehabilitation center provides shelter, **free accommodation, three times a day tasty and hygiene vegetarian food, twice coffee/tea, primary hygiene, clothes, Hot water for bathing, laundry for washing clothes for the residents 24×7 Medical and nursing services, 24/7 Ambulance service, ventilated corridor, disabled steps and ramps** that are designed for vehicles so that people with disabilities can get on a car or ambulance easily, Recreation activities like **Yoga, Paper cutting, meditation, Candle making, Puzzle, Crafting, Painting etc, free health check-up, necessary care from the Professional doctors, nurses, trainers and care takers.** The shelter has separate rooms for family, women, men and children.
